

*Laerdal: **Your** source for the New Heartsaver®
and Family & Friends™ Materials*

NEW
2006 Editions!

**American Heart Association Heartsaver®
and Family & Friends™ Materials**

Since 1997, Laerdal has been a proud distributor of the American Heart Association's Emergency Cardiovascular Care (ECC) materials.

In July 2005 the AHA and Laerdal announced the establishment of the first ever strategic alliance between the American Heart Association and a commercial organization – Laerdal Medical. This alliance only reinforces Laerdal's continued commitment to the emergency cardiovascular care community, by bringing you quality products and solutions for all your training and education needs, and our never-ending mission of helping save lives.

*The American Heart Association and Laerdal,
bringing quality training and education together.*

The Heartsaver® CPR course contains updated content and science from the 2005 AHA Guidelines for CPR and ECC. The course teaches CPR, relief of choking in adults and children, and infant CPR and relief in choking.

For those who have a duty to respond to a cardiac emergency because of job responsibilities or regulatory requirements.

Heartsaver® and Family & Friends™ Instructor Manuals

These new manuals are based on current education principles and provide the instructor with detailed lesson maps and information for teaching all the Heartsaver and Family & Friends courses. They are course-specific companion volumes to the new American Heart Association Core Instructor Courses. The books are approximately 150 and 30 pages, respectively, and include an Instructor CD and more than 300 pages of 4-color lesson maps. Both manuals are 8 1/2" x 11", shrink-wrapped, loose-leaf, and 3-hole punched.

80-1077 (Replaces 70-2263, 70-2563, 70-2226 and 70-2048).....\$45.00

Heartsaver® CPR

The 2006 revised student workbook for the Heartsaver CPR Course contains updated content and updated science from the 2005 American Heart Association Guidelines for CPR and ECC. Includes sections on CPR and relief of choking in adults and children, infant CPR and relief of choking. The workbook is shrink-wrapped with the Adult CPR Reminder, the Child and Infant CPR Reminder, and a CD containing supplemental information and video clips to refresh the student in CPR skills.

80-1021 (Replaces 70-2045).....\$8.50

Heartsaver® CPR Video

This new video contains content for the Heartsaver CPR Course in the new "practice-while-watching" (PWW) format. Skills such as CPR and relief of choking in adults and children and infant CPR and relief of choking are presented. Running time is approximately 110 minutes. Closed-captioned.

Heartsaver® AED Anytime™

The self-directed learning program that effectively teaches the skills of CPR and AED in half the time of a traditional course!

This program teaches the core skills of CPR and AED utilizing a 28-minute DVD, a personal manikin (Mini Anne™) and the Heartsaver AED Anywhere CD-ROM. The course includes adult and child (optional) CPR and AED. Additional lessons include the use of barrier devices and relief of choking. With Heartsaver AED Anytime, CPR and AED skills can be learned by students individually, at their own pace, or in a group setting.

The Complete Kit Contains:

- Personal CPR Training Manikin (Mini Anne™)
- CPR Skills DVD
- Interactive Heartsaver AED Anywhere CD-ROM
- Heartsaver AED Student Workbook
- Personal Pocket Mask™ and Gloves
- Mini Anne™ Spare Lung and Manikin Wipes

80-1076
Heartsaver AED Anytime Kit.....\$69.95

The new Family & Friends™ First Aid for Children program contains information on how to manage illness and injuries in a child for the first few minutes until professional help arrives. This program covers such topics as preventing injuries, recognizing and treating basic first aid emergencies, and relief of choking in infants and children.

For those caring for infants and children, such as family members, babysitters, and others providing in-home care, who want basic first aid information but who do not need a course completion credential.

Family & Friends™ First Aid for Children

This student reference booklet for the new Family & Friends First Aid for Children program contains information on how to manage illness and injuries in a child for the first few minutes until professional help arrives. This 38-page booklet is 6 1/2" x 9 1/2" and features many new colorful illustrations. It covers such topics as preventing injuries, recognizing and treating basic first aid emergencies, and relief of choking in infants and children. For individuals who do not need a course completion credential.

80-1034 Set of 5 / \$7.50

Family & Friends™ First Aid for Children Video

This video should be used to present the new Family & Friends First Aid for Children program. This program video covers topics such as preventing injuries, recognizing and treating basic first aid emergencies, and relief of choking infants and children. Running time is approximately 40 minutes. Closed-captioned.

80-1033 VHS Format\$30.00

80-1032 DVD Format.....\$28.50

Family & Friends™ CPR Anytime™

The innovative, self-directed learning program designed to teach the core skills of CPR in just 22 minutes!

CPR Anytime is a personal learning product that teaches lay people, in the comfort of their own homes, the core skills of Adult CPR in just 22 minutes. CPR Anytime instructs the user in a "practice-while-watching" (PWV) format with the aid of an 22-minute instructional DVD, a personal, inflatable manikin with integrated adult/child compression clicker, and the American Heart Association Family & Friends CPR booklet.

CPR Anytime is the perfect CPR education tool to help you reach individuals in your communities who do not require a credentialed course and who do not traditionally enroll in current classroom type courses.

Kit includes: Mini Anne™ CPR Training Manikin, CPR Skills Practice DVD, AHA Family & Friends CPR Booklet, Mini Anne Spare Lung, Manikin Wipes (2),

80-1066
Family & Friends CPR Anytime Kit.....\$29.95

Teaches the core skills of CPR in just 22 minutes!

The Family & Friends CPR program contains information on how to perform CPR in adults, children, or infants and how to help an adult, child, or infant who is choking. For use by family members, friends and members of the general community who want to learn CPR but do not need a course completion card.

This program also can be a non-credentialed option for middle- and high-school students.

Family & Friends™ CPR

A colorful resource booklet for participants in the Family & Friends CPR program. This approximately 40-page, 6 1/2" x 9 1/2" text contains information on how to perform CPR in adults, children, or infants and how to help an adult, child, or infant who is choking. Included with the booklet is the Adult CPR Reminder and the Child & Infant CPR Reminder.

Heartsaver® First Aid With CPR & AED

This 2006 revised student workbook, one of two Heartsaver First Aid texts, contains information for those who have a duty to respond to a first aid emergency on how to manage illness and injuries in the first few minutes until professional help arrives. The workbook contains the three required modules (General Principles, Medical Emergencies, and Injury emergencies) and two optional modules (Environmental Emergencies and CPR & AED) for the Heartsaver First Aid Course.

Shrink-wrapped with the workbook are the Heartsaver First Aid Quick Reference Guide (80-1057), the Adult CPR & AED Reminder; Child & Infant CPR & AED Reminder; and a CD containing supplemental information and video clips to refresh the student in CPR and AED skills.

80-1058 (Replaces 70-2562) **\$13.95**

Heartsaver® First Aid Quick Reference Guide

This durable fold-out booklet, updated with new science from the 2005 American Heart Association Guidelines for CPR and ECC, is designed to provide critical lifesaving information to care for a victim of an illness or injury until EMS arrives. The card serves as a quick reference to first aid signs and actions for those who have a duty to respond in the workplace as well as for the general public. The card is included with the student workbooks (Heartsaver First Aid and Heartsaver First Aid With CPR and AED).

80-1057 (Replaces 70-2588) **\$5.00**

The Heartsaver Pediatric First Aid Course contains information on how to manage illness and injuries in a child in the first few minutes until professional help arrives. Topics include First Aid Basics, Medical Emergencies, Injury Emergencies, Environmental Emergencies, Optional First Aid Topics, CPR and AED. This course was designed to meet regulations for day care centers in all 50 states.

For those involved in child care who have a duty to respond to a first aid emergency because of job responsibilities or regulatory requirements, such as child care workers, teachers, foster care workers, camp counselors, youth organizations, and coaches for children's sports organizations.

Heartsaver® Pediatric First Aid

This student workbook for the newly developed, credentialed Heartsaver Pediatric First Aid Course, is for those with a duty to respond to a first aid emergency. The workbook is shrink-wrapped with the Heartsaver Pediatric First Aid Quick Reference Guide (80-1002), the Adult CPR & AED Reminder; the Child & Infant CPR & AED Reminder; and a CD containing supplemental information and video clips. The workbook also contains information on how to manage illness and injuries in a child in the first few minutes until professional help arrives.

Included are six modules: First Aid Basics, Medical Emergencies, Injury Emergencies, Environmental Emergencies, an optional First Aid Module, and an optional adult CPR & AED Module to meet regulations for day care centers.
