# Newborn Anne

Newborn Anne realistically represents a full term newborn female designed for skills training in neonatal resuscitation.

- **Educationally effective** allowing specific neonatal resuscitation skills to be taught individually or in combination with other skills
- **Realistic anatomical landmarks** and durable design simulate a full-term female newborn
- Lightweight and portable design allows Newborn Anne to be **highly mobile** for use in multiple clinical settings
- Newborn Anne is **easy to use** and was designed to be integrated into all neonatal clinical training curriculums
- Built from the SimNewB platform developed in conjunction with the American Academy of Pediatrics (AAP), Newborn Anne was specifically designed to be **clinically relevant** with manikin features to meet key NRP course skills

220-25050 Newborn Anne
