

Tim Hardy, EMS

EMS Lab Coordinator, Blinn College

Tim Hardy entered the EMS profession in 1992 after completing fire school at College of the Mainland in Texas City, Texas. Tim worked for Bryan Fire Department for 10 years as a Firefighter/Paramedic before he left to further his education and found a calling for teaching others.

Tim is currently employed as an EMS Lab Coordinator for Blinn College and works with EMS, surgical technology and nursing students and faculty in the lab/simulation setting to ensure skill and critical thinking competencies. He is a ACLS, PHTLS, BLS and PALS Instructor. He has designed and implemented simulation scenarios for SimMan, MegaCode Kelly, SimBaby, SimNewB and Nursing Kid as the "patient". He has incorporated Virtual IV™ into course work for pre-hospital and in-hospital students.
