

Karin J. Sherrill, RN, MSN, NEd, CNE

Nurse Educator, Maricopa Community College

Karin J. Sherrill is an experienced nurse educator with over 18 years of teaching experience with Maricopa Community Colleges. During this time, she has worked as adjunct clinical faculty, residential faculty, clinical coordinator, and simulation coordinator. She has been involved in executing the first online Associate Degree Registered Nurse program in the nation, coordinating the Health Core Curriculum pre-nursing courses with more than 70 sections and 20 instructors per semester, participating in the National League for Nursing Health Information Technology Scholars program, creating the web-based Nursing Objects Library and RNCRe8r sites for students and executing the simulation program at Mesa Community College.

Karin has served as the chair of the Simulation Integration Management Committee for the Maricopa Nursing Program, founding president of the Arizona Simulation Network, and ambassador for the National League for Nursing. She publishes and speaks nationally on topics of technology integration into nursing curriculum. She is a member of the Arizona Nursing Association, the National Organization for Associate Degree Nursing, the National League for Nursing, the Arizona Simulation Network, International Nursing Association for Clinical Simulation and Learning and the Society for Simulation in Healthcare.
